SeaCell® Socks

Art.-No.: **279500**

Skin-friendly black cotton work socks with integrated SeaCell® Active fibre. The antimicrobial effect ensures a clean feeling and prevents unpleasant odours even after long working days.

The SeaCell® Active fibres are made from seaweed, which releases a variety of micronutrients through the skin's natural perspiration and can therefore have a gentle and caring effect on the skin.

These socks are particularly suitable for allergy sufferers, conditions such as neurodermatitis and diabetes.

Material: 70 % Cotton, 15 % SeaCell fibre,
15 % Spandex

Größen: 37 - 48
Farben: schwarz
VPE: 1 Paar
